

# Global Credit Data European Conference

March 25 & 26, 2019  
Raiffeisen Bank International

## AGENDA – DAY 1

0800	Registration and Breakfast																						
0900	<b>Opening:</b> GCD and your Conference at a glance <i>Theo van Drunen, Chair of the GCD board, ABN AMRO and Richard Crecel, Global Credit Data</i>																						
0940	<b>Host address: The CRO's perspective on the future of risk management</b> <i>Hannes Mösenbacher, CRO, Raiffeisen Bank International</i>																						
1010	Morning Break																						
1040	<b>Regulatory perspective:</b> EBA's review of the IRB approach <i>Susanne Röhrig, Senior Policy Expert, EBA</i>																						
1120	<b>Member presentation:</b> <i>Can LDP PD calibration use benchmarking?</i> Estimating the Probability of Default for No-Default and Low-Default Portfolios <i>Oliver Blümke, Raiffeisen Bank International</i>																						
1200	Lunch & Networking																						
1300	<table border="1"> <thead> <tr> <th rowspan="2">Start Time</th> <th colspan="2">ANALYTICS &amp; WORKSHOPS</th> <th colspan="2">PEER DISCUSSION SESSIONS</th> </tr> <tr> <th>Stream 1: Industry positions <i>Room: Plenary Room</i></th> <th>Stream 2: GCD's recent studies <i>Room: EG 1</i></th> <th>Stream 3: IFRS 9 <i>Room: EG 2</i></th> <th>Stream 4: Modelling &amp; Data <i>Room: EG 3</i></th> </tr> </thead> <tbody> <tr> <td>1300</td> <td>Industry positions on the NPL provisioning legislation of the EBA/ECB <i>C. Usherwood, AFME</i></td> <td>IFRS 9 Study: Results 2018 &amp; Outlook to 2019 <i>Daniela Thakkar, GCD</i></td> <td>Forward-Looking LGD for IFRS 9 <i>Jordan Aïssiou, Société Générale</i></td> <td>Masterscale and low default portfolio PD calibration <i>Svyatoslav Vovchak and Lina Sun, ING</i></td> </tr> <tr> <td>1400</td> <td>Industry positions on the Basel III-Finalization/ CRR3 rules <i>C. Usherwood, AFME</i></td> <td>Comparison of internal &amp; external default rates &amp; migration matrices <i>Daniela Thakkar, GCD</i></td> <td>Validation of IFRS 9 models - Methods, Challenges &amp; Potential Solutions <i>Constanza Righi, Unicredit</i></td> <td>NPL data - European market and trading platforms - Comparing GCD's with EBA's template <i>Burkhard Heppe, OSIS</i></td> </tr> </tbody> </table>				Start Time	ANALYTICS & WORKSHOPS		PEER DISCUSSION SESSIONS		Stream 1: Industry positions <i>Room: Plenary Room</i>	Stream 2: GCD's recent studies <i>Room: EG 1</i>	Stream 3: IFRS 9 <i>Room: EG 2</i>	Stream 4: Modelling & Data <i>Room: EG 3</i>	1300	Industry positions on the NPL provisioning legislation of the EBA/ECB <i>C. Usherwood, AFME</i>	IFRS 9 Study: Results 2018 & Outlook to 2019 <i>Daniela Thakkar, GCD</i>	Forward-Looking LGD for IFRS 9 <i>Jordan Aïssiou, Société Générale</i>	Masterscale and low default portfolio PD calibration <i>Svyatoslav Vovchak and Lina Sun, ING</i>	1400	Industry positions on the Basel III-Finalization/ CRR3 rules <i>C. Usherwood, AFME</i>	Comparison of internal & external default rates & migration matrices <i>Daniela Thakkar, GCD</i>	Validation of IFRS 9 models - Methods, Challenges & Potential Solutions <i>Constanza Righi, Unicredit</i>	NPL data - European market and trading platforms - Comparing GCD's with EBA's template <i>Burkhard Heppe, OSIS</i>
Start Time	ANALYTICS & WORKSHOPS		PEER DISCUSSION SESSIONS																				
	Stream 1: Industry positions <i>Room: Plenary Room</i>	Stream 2: GCD's recent studies <i>Room: EG 1</i>	Stream 3: IFRS 9 <i>Room: EG 2</i>	Stream 4: Modelling & Data <i>Room: EG 3</i>																			
1300	Industry positions on the NPL provisioning legislation of the EBA/ECB <i>C. Usherwood, AFME</i>	IFRS 9 Study: Results 2018 & Outlook to 2019 <i>Daniela Thakkar, GCD</i>	Forward-Looking LGD for IFRS 9 <i>Jordan Aïssiou, Société Générale</i>	Masterscale and low default portfolio PD calibration <i>Svyatoslav Vovchak and Lina Sun, ING</i>																			
1400	Industry positions on the Basel III-Finalization/ CRR3 rules <i>C. Usherwood, AFME</i>	Comparison of internal & external default rates & migration matrices <i>Daniela Thakkar, GCD</i>	Validation of IFRS 9 models - Methods, Challenges & Potential Solutions <i>Constanza Righi, Unicredit</i>	NPL data - European market and trading platforms - Comparing GCD's with EBA's template <i>Burkhard Heppe, OSIS</i>																			
1500	Afternoon Break																						
1530	<b>Member presentation:</b> EAD modelling for Large Corporate with Global Credit Data! Exposure at default without conversion factors – <i>Journal of the Royal Statistical Society</i> <i>Mark Thackham, Senior Manager, Modelling and Governance, OneSavings Bank (formerly employed at Westpac / NAB)</i>																						
1610	<b>New GCD data pool: ICC Trade Register</b> - Latest trends and improvements <i>Richard Crecel, GCD and Michael Dhaenens, GCD and ICC Trade Register Representative</i>																						
1630	<b>Member presentation:</b> Can validation factor in benchmarking? Highlights of Unicredit's new IRB Validation framework - <i>Fausto Bonacina, Unicredit</i>																						
1710	Placeholder for Sponsor presentation																						
1740	End of Sessions		1900 Conference Dinner @ Raiffeisen Bank International																				

# Global Credit Data European Conference

March 25 & 26, 2019  
Raiffeisen Bank International

## AGENDA – DAY 2

0800	Breakfast																						
0845	<b>Opening:</b> Highlights by the GCD Methodology Committee - GCD Analytics and Data Quality Report <i>Stephan Jortzik, ANZ and Riette Dijkstra, GCD and Richard Crecel, GCD</i>																						
0930	<b>Regulatory perspective:</b> Regulatory expectations on the implementation of IFRS 9 and the impact on regulatory capital <i>David Grünberger, Senior Policy Advisor, European Central Bank SSM</i>																						
1010	Morning Break																						
1040	<b>GCD initiative: Assessing GCD's compliance</b> with evolving regulations (EBA Default Definition, Modelling Guidelines) <i>FCG Regulatory expert</i>																						
1120	<b>Panel Discussion:</b> Benchmarking and regulatory expectations																						
1200	Lunch & Networking																						
1300	<table border="1"> <thead> <tr> <th rowspan="2">Start Time</th> <th colspan="2">ANALYTICS &amp; WORKSHOP</th> <th colspan="2">PEER DISCUSSION SESSIONS</th> </tr> <tr> <th>Stream 1: Academic Studies <i>Room: Plenary Room</i></th> <th>Stream 2: Using GCD data <i>Room: EG 1</i></th> <th>Stream 3: GCD initiatives <i>Room: EG 2</i></th> <th>Stream 4: Machine Learning <i>Room: EG 3</i></th> </tr> </thead> <tbody> <tr> <td>1300</td> <td>Factors that drive the cure of a defaulted company <i>Christian Lohmann, Wuppertal University</i></td> <td>Understanding GCD's Benchmarking Platform: Predicted Credit Risk Parameters <i>Michael Dhaenens, GCD</i></td> <td>Banks' efforts and readiness on EBA's default definition <i>David Eschwé, Raiffeisen Bank International</i></td> <td>Comparison of machine learning techniques to more traditional modelling approaches <i>Leonard Fister, Crédit Suisse</i></td> </tr> <tr> <td>1400</td> <td>Modelling exposure at default of credit lines under varying systematic conditions <i>Maximilian Nagl, University of Regensburg</i>  Testing representativeness when using GCD data in LGD modelling <i>Tanja Verster / Chamay Kruger / WD Schutte, North-West University</i></td> <td>Behind the scenes: The latest changes in the LGD database - Standard RDS - Validation rules table - Detailed industry codes <i>Martin Lulic, KfW and Erik Rustenburg, GCD</i></td> <td>New GCD development with Partners: Creating LGD reference models for LGD <i>Richard Crecel, GCD Jimmi Brink, FCG</i></td> <td>Bias/ethics in Machine Learning <i>Natalia Bailey, IIF</i></td> </tr> </tbody> </table>				Start Time	ANALYTICS & WORKSHOP		PEER DISCUSSION SESSIONS		Stream 1: Academic Studies <i>Room: Plenary Room</i>	Stream 2: Using GCD data <i>Room: EG 1</i>	Stream 3: GCD initiatives <i>Room: EG 2</i>	Stream 4: Machine Learning <i>Room: EG 3</i>	1300	Factors that drive the cure of a defaulted company <i>Christian Lohmann, Wuppertal University</i>	Understanding GCD's Benchmarking Platform: Predicted Credit Risk Parameters <i>Michael Dhaenens, GCD</i>	Banks' efforts and readiness on EBA's default definition <i>David Eschwé, Raiffeisen Bank International</i>	Comparison of machine learning techniques to more traditional modelling approaches <i>Leonard Fister, Crédit Suisse</i>	1400	Modelling exposure at default of credit lines under varying systematic conditions <i>Maximilian Nagl, University of Regensburg</i>  Testing representativeness when using GCD data in LGD modelling <i>Tanja Verster / Chamay Kruger / WD Schutte, North-West University</i>	Behind the scenes: The latest changes in the LGD database - Standard RDS - Validation rules table - Detailed industry codes <i>Martin Lulic, KfW and Erik Rustenburg, GCD</i>	New GCD development with Partners: Creating LGD reference models for LGD <i>Richard Crecel, GCD Jimmi Brink, FCG</i>	Bias/ethics in Machine Learning <i>Natalia Bailey, IIF</i>
Start Time	ANALYTICS & WORKSHOP		PEER DISCUSSION SESSIONS																				
	Stream 1: Academic Studies <i>Room: Plenary Room</i>	Stream 2: Using GCD data <i>Room: EG 1</i>	Stream 3: GCD initiatives <i>Room: EG 2</i>	Stream 4: Machine Learning <i>Room: EG 3</i>																			
1300	Factors that drive the cure of a defaulted company <i>Christian Lohmann, Wuppertal University</i>	Understanding GCD's Benchmarking Platform: Predicted Credit Risk Parameters <i>Michael Dhaenens, GCD</i>	Banks' efforts and readiness on EBA's default definition <i>David Eschwé, Raiffeisen Bank International</i>	Comparison of machine learning techniques to more traditional modelling approaches <i>Leonard Fister, Crédit Suisse</i>																			
1400	Modelling exposure at default of credit lines under varying systematic conditions <i>Maximilian Nagl, University of Regensburg</i>  Testing representativeness when using GCD data in LGD modelling <i>Tanja Verster / Chamay Kruger / WD Schutte, North-West University</i>	Behind the scenes: The latest changes in the LGD database - Standard RDS - Validation rules table - Detailed industry codes <i>Martin Lulic, KfW and Erik Rustenburg, GCD</i>	New GCD development with Partners: Creating LGD reference models for LGD <i>Richard Crecel, GCD Jimmi Brink, FCG</i>	Bias/ethics in Machine Learning <i>Natalia Bailey, IIF</i>																			
1500	Afternoon Break																						
1520	<b>Member presentation:</b> The business use of Advanced Analytics <i>David Eschwé &amp; Joel Gotsch, Raiffeisen Bank International</i>																						
1600	<b>Member presentation:</b> LGD measurement and modelling of physical collateral lending in private banking <i>Camille Ndebeka-Bandou, Crédit Suisse</i>																						
1640	Conference Closure
